

MODELLI / MODELS : FP7xx FOOD PROCESSORS

OGGETTO: Change to MAIN BOWL ASSEMBLY

SETTEMBRE / SEPTEMBER 2014

ENGLISH

There has been a change in the bowl used on the FP7xx range of food processors.

There are now two versions of the bowl assembly and these are not interchangeable with each other

Below is a list of models, and the date code of the implementation of change to the version of the main bowl used on that model.

Machines made before the dates code listed, should use:

KW716015 – MAIN BOWL (old version)

Machines made after the date code listed should use:

KW707608 – MAIN BOWL (new version)
